

A robust and easy to install enclosure for electrical and other services

- A range of standard sizes from 50x50mm to 300x300mm
- Any size, or profile, can be manufactured
- Rapid installation: each length comes with a threaded connector - no need for nuts
- Rapid installation: the quick release lid runs the full length of the trunking
- Rapid installation: a full range of accessories eliminates on site fabrication

● Optional features include:

- weatherproof trunking
- partitions to give multiple compartments
- choice of finish, of galvanised steel, white, stainless steel and others to order

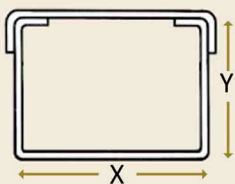

● Made to comply with BS4678 part 1

What options are available?

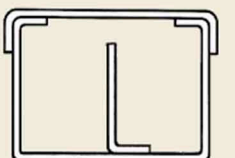

1) Standard profiles

Surface trunking

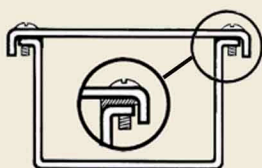

Ref C type

- Available for any value of X and Y
- A range of stocked sizes
- Available in 2 or 3m lengths

Ref C type - multiple compartment

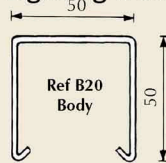

- Available for any value of X and Y
- Any number of compartments
- Compartments of equal or unequal size

Ref E type

- Available for any value of X and Y
- Lid and all joints fitted with gasket for weatherproof seal

Lighting trunking

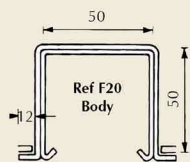

Ref B20 Body

Ref B22 Plastic Lid

Ref B23 Steel Lid

- Available for any value of X and Y
- Ranges B, F and L are available ex stock in 3m lengths

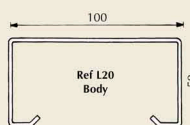

Ref F20 Body

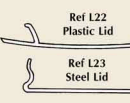

Ref F22 Plastic Lid

- Available in ranges B, F and L with a choice of a steel or plastic clip in lid. For all other sizes a steel clip in lid is provided

Ref L20 Body

Ref L22 Plastic Lid

Ref L23 Steel Lid

- Plastic ref 22
- Steel ref 23

2) Standard Accessories

A large range of junctions and accessories are available:

All Ranges

Ref 390 Connecting sleeve (1 incl per length)

Ref 42 Terminating flange

Limited stock:  
Ref 31 Back Entry Tee

Ref 32 Top right hand

Ref 45 Internal 45° bend

Ref 34 Top left hand

Ref 37 Flanges

Ref 46 External 45° bend

Ref 33 Top square tee

Ref 38 End Cap

Ref 47 External angle

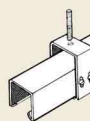

Ref 52 tapered reducer

Ref 41 Copper earth link

Ref 48 Internal angle

Ref 64 Trunking suspension saddle

Ref 44 Top 45° bend

Ref 62 Spring cable retainer

Ref 65 Front entry tee

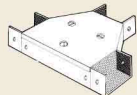

C Range

Ref C21 Top gusset bend

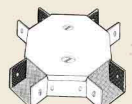

Ref C28 Flange tee

Ref C24 Top gusset tee

Ref C60 Internal gusset bend

Ref C27 Top gusset cross

Ref C61 External Gusset Bend

Part references - Standard surface trunking - C type

To order quote part reference followed by Width x Height in mm, e.g. C20-2m-100x50 for a 2m length of 100mm wide by 50mm high C type surface trunking.

For multiple compartment, specify number of compartments with a "/n" where n is the number of compartments.

We will assume equal compartments unless another spacing is specified. Example C20-100x50/2 (70:30) for unequal 2 compartment trunking 100x50mm with compartments 70 and 30mm.

Note that for unequal compartment flat bends are handed and hand must be specified on ordering.

Codes for stocked items are shown below, others to order.

Size: Base X * Height Y		50*50	75*75	100*50	100*100	150*50	150*75	150*100	150*150
